# OUTDOOR FURNITURE FOR SUPERYACHTS

Siebensee specialises in designing, making and maintaining premium outdoor furniture for superyachts. Our furniture is hand-crafted to perfection by luxury furniture manufacturer Finkeldei and outdoor fitted furniture specialist Stükerjürgen in Germany.

Apart from our growing family of customisable collections to choose from, we also provide bespoke furniture solutions for newly built or refitted superyachts. The quality and range of our outdoor furniture make us a first-class address for yacht projects worldwide.

Would you like to learn more about our products and services for superyachts? Please visit our website, follow us on social media or get in touch with us.

# ABOUT SIEBENSEE

Siebensee specialises in designing, making and maintaining premium outdoor furniture for superyachts. Each piece of our furniture is hand-crafted to perfection by luxury furniture manufacturer Finkeldei and outdoor fitted furniture specialist Stükerjürgen.

Finkeldei makes bespoke luxury furniture and is renowned for the quality of its upholstered pieces, having maintained the highest standards of finish for more than 60 years.

We use only the best raw materials and traditional hand-crafting methods and techniques. Thanks to our skilled team of in-house engineers, carpenters and upholstery experts, we can turn even the most demanding furnishing ideas into reality.

Today, we work with the world's most notable yacht designers, contractors and shipyards, and our list of furniture and fittings projects include many of the largest superyachts in the world.

[www.finkeldei.com](http://www.finkeldei.com)

Stükerjürgen has long been considered the expert in individual fitted furniture for exterior decks. Our expertise is the result of more than 30 years of experience working in the yacht and aviation industries.

We produce luxurious pieces of furniture that are beautiful, lightweight, durable, as well as UV and salt water resistant.

Only the highest-quality materials are used in our manufacturing process, and we offer our clients a comprehensive service, from measuring, engineering and manufacturing to painting and on-board assembly.
